The Sugar Maples of Little Tree Farms go out to customers all over the East to make such noble lawns and drives.

Maples on the lawn add dignity and give gracious shade.

Shade and Flowering Trees

Little Tree Farms' shade and flowering trees are of highest quality. Favorable soil and climate with constant attention produce lusty, well-rooted plants, ready to grow into handsome big trees.

To those who prefer immediate effects we offer a splendid assortment of fine big specimens. Let us pick out a choice tree to meet your special needs. Unless otherwise indicated, these plants will be dug with a ball of soil and carefully wrapped.

Acer

THE MAPLES

The Maples are perhaps the most liked of all shade trees. They have the most brilliant foliage in autumn, the rosiest buds in spring. Their leaves and seed sprays are charming. Particularly well adapted to New England conditions, they are invaluable for lawn, street, and porch planting. Little Tree Farms grows the best Maples to perfection. These listed are all "reliables," and of highest quality.

ACER DASYCARPUM Silver Maple

A hardy, fast-growing shade tree with spreading crown. The finely cut leaves are "silver lined."
